Tess Daly has partnered with fabric and wallpaper specialist Clarke & Clarke to launch a glamorous collection of bedlinen, cushions and throws. The collection comprises of five sumptuous woven and delicately embroidered bedlinen designs. A range of luxurious velvet and metallic knitted throws have been designed to be layered upon beautiful coordinating bedlinen. To complete the look, style with an exquisite choice of cut velvets, embroideries, sequin detailing and faux Mongolian fur cushions, boudoirs and bolsters.

Designing my own range of bedlinen has been a dream come true. I have always been passionate about interiors and I have loved developing my first homeware collection with Clarke & Clarke.

Creating a beautiful space at home is essential as it's often our sanctuary, a place to recharge and indulge in a little bit of me time. I'm thrilled with the luxurious look and feel of the range and can't wait to see the products adding a touch of comfortable glamour to people's homes.

Hope you love them as much as I do.
