CLARKE & CLARKE
THE AUTUMN WINTER EDIT
DESIGN BOOK 2023
For design that encapsulates the simplicity and striking form of abstract shapes, Vivido is a collection of fabrics and wallpapers that takes its cue from architecture and is softened by a considered, muted palette. New to Clarke & Clarke, sartorial stripes bring a timelessness to interiors in a velvet that is fit for purpose in contract and domestic applications. Tailored stripes in a selection of widths take this linear look to the next level. For a take on a modern geometric, Urban is inspired by Cubism, with its abstract take on shape, but delivers an artistic, cohesive collection of fabric designs in a rich palette.

Northwood completes the AW23 collective. Studio G’s collection of 100% cotton fabrics bring an eternally English feel to Clarke & Clarke’s portfolio, with a colour palette inspired by the seasons and a beautiful blend of prints that take their inspiration from nature, whether in the luscious forest landscapes or the delicate florals of a meadow.
Inspired by the trend for simple, abstract shapes, Vivido is a luxurious collection of nine wallcoverings and a mix of seven fabrics, including tactile weaves, embroideries and prints. Layering techniques add depth to architecturally inspired designs, which are softened by a relaxed, tonal palette. Contemporary colourways such as Midnight and Spice add a touch of contrast to this easy-to-use range, which is punctuated by subtle metallic highlights.
